

"یافتن اشکال پنهان"

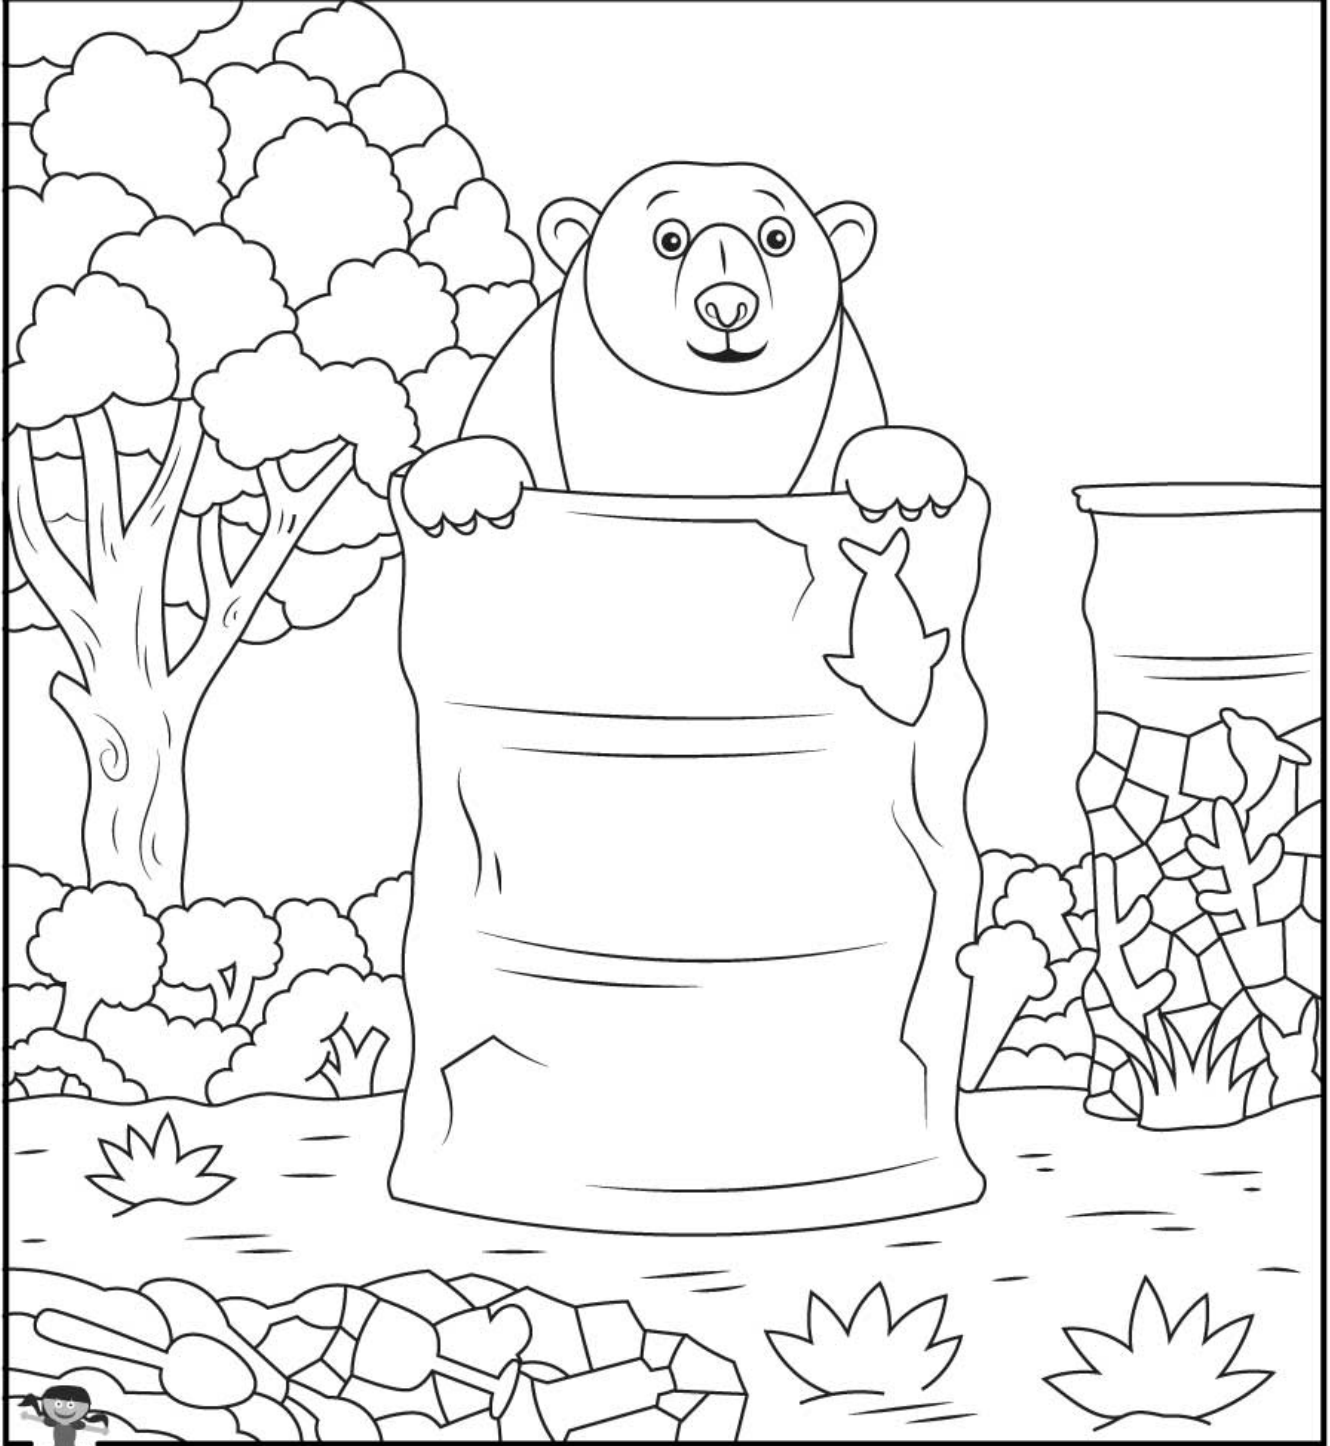

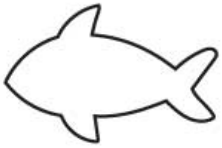

تمریناتی که در فایل یافتن اشکال پنهان ارائه شده است، جهت افزایش دقت و توجه در کودکان ۳-۸ سال کاربرد دارد. در این تمرینات از کودک خواسته می شود شکل هایی که مشابه الگوهای بالای صفحه هست را از داخل تصویر پیدا کند.

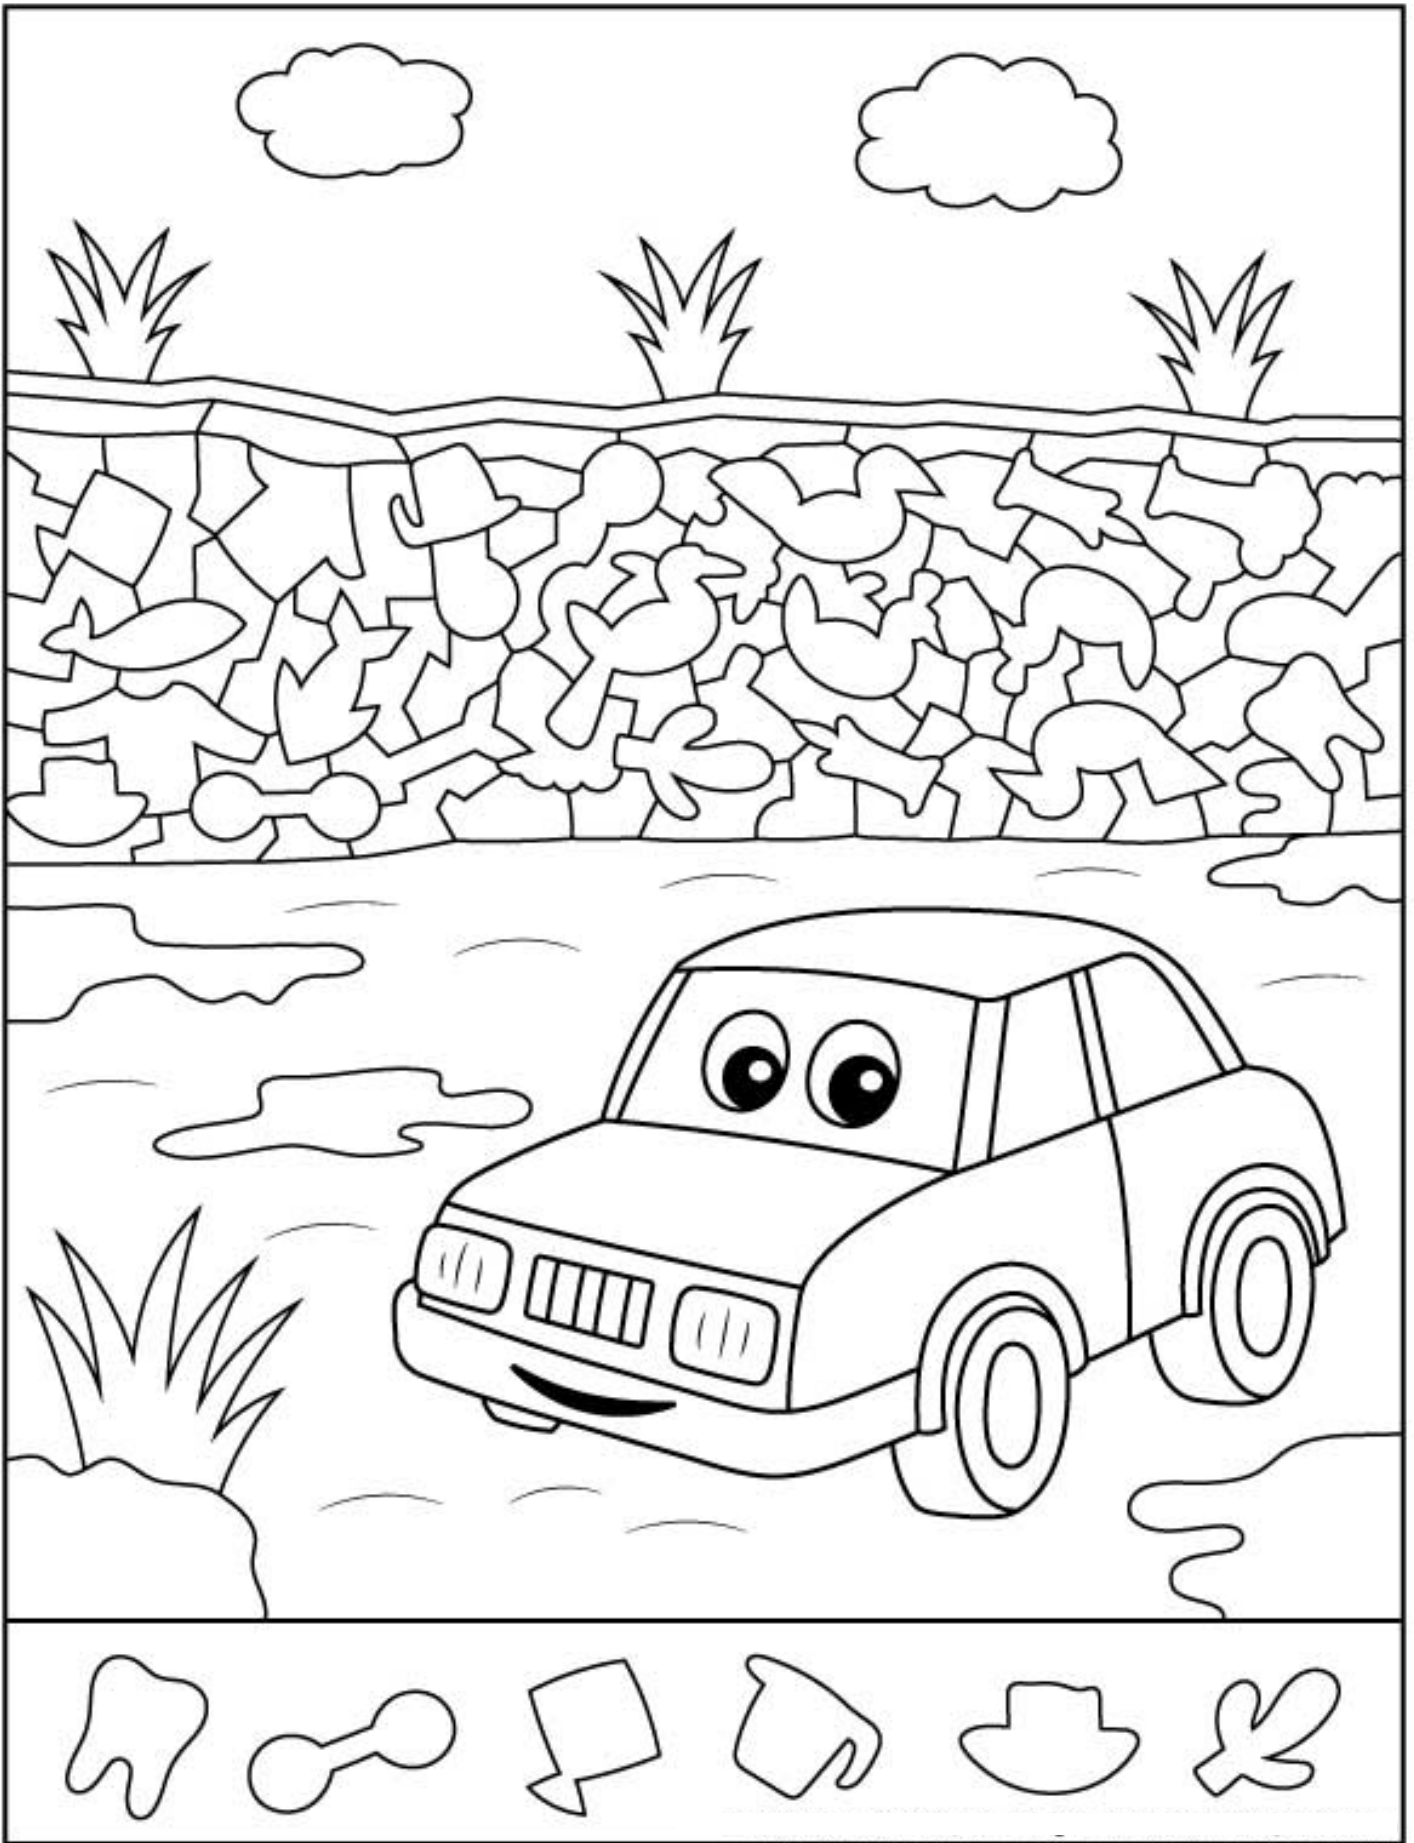

پس از تسلط به این تمرینات می توانید هر تصویر را همراه با محرک شنیداری استفاده کنید یعنی همزمان با انجام تصاویر، صدای آهنگ یا کارتون برای کودک پخش شود و او بتواند تمرکز خود را حفظ کند.

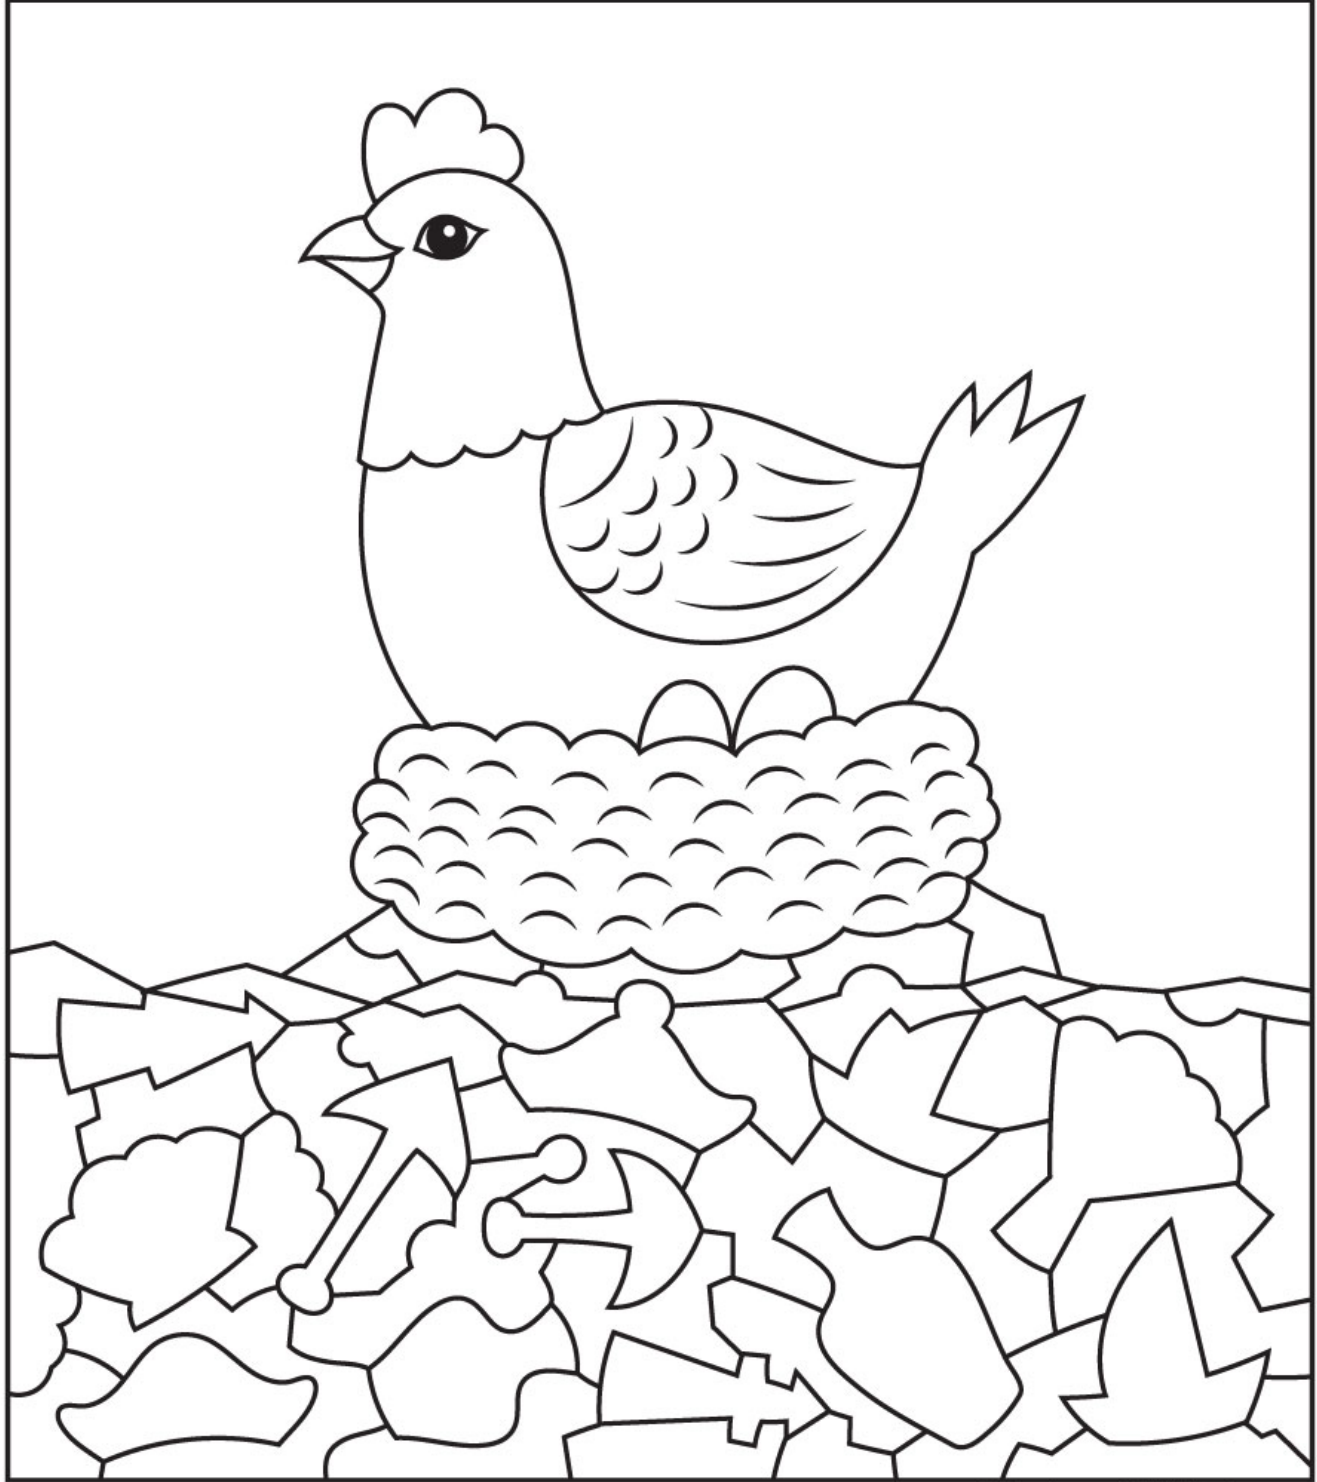

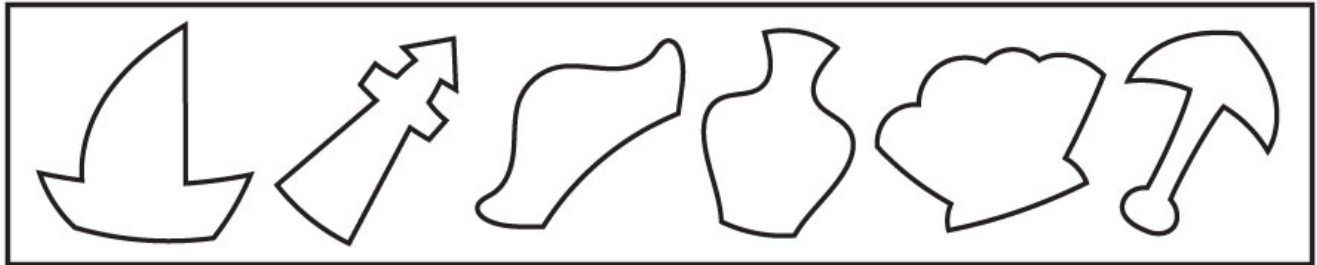

تصاویر گرد آوری شده قابل استفاده در موبایل و تبلت هستند. بعلاوه این تصاویر از کیفیت مناسبی برای چاپ روی برگه برخوردار هستند و می توانید آنها را روی برگه نیز استفاده کنید. در زمان ها و مکان هایی که برای کودک شما می توانند خسته کننده باشند مثل منتظر ماندن در مطب دکتر، این تمرینات می توانند راه خوبی برای سرگرم کردن کودکان باشند. همچنین این تمرینات باعث می شود کودک شما به شکل هدفمند تری از وسایل دیجیتالی استفاده کند.

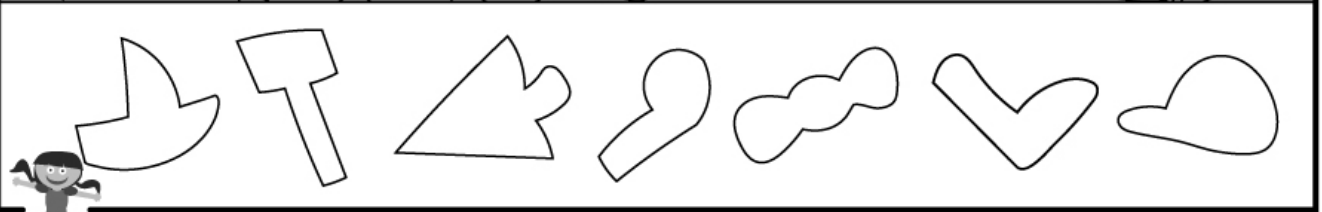

در نهایت توصیه می شود که برای انجام تمرینات دامنه توجه کودک خود را در نظر بگیرید و انتظار نداشته باشید مدت زمان طولانی تری را در مقایسه با توانایی توجهی خودش برای تمرینات صرف کند.

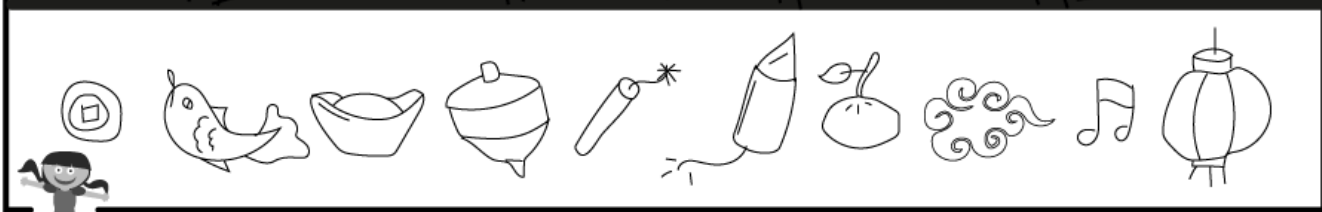

با آرزوی موفقیت
